AMERICAN FLYER

The Championship Line

WORLD'S *Easiest-to-Fly*... MOST RUGGED MODEL AIRPLANES

We asked National Champions to design a "dream" airplane any novice could fly perfectly, the first time

This is the result! The finest ready-to-fly airplane in the world. Designed to start instantly and fly perfectly without mishap, time after time after time!

New, exclusive features are the results of nearly three years of development, testing, and constant consultation with national champions—features such as

FIRST with Automatic Co-Pilot, which prevents "over control", makes flying far easier for the beginner.

FIRST with Engine Silencer, which cuts 'way down on objectionable engine whine

Two big new engines, precision made, bigger, more powerful, with fast recoil starting.

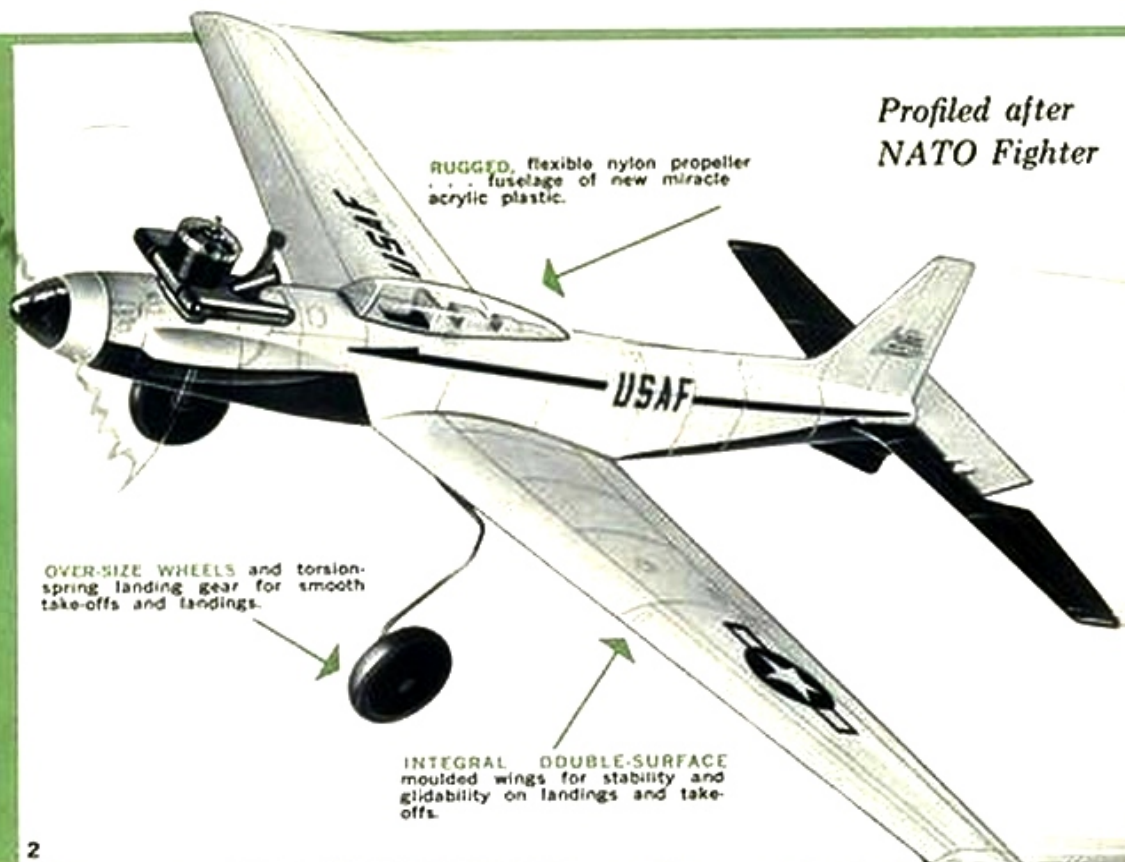

No. 40002 SKYSTREAK

The thrill of flying the first time out is assured with this speedy Skystreak with its big, new .074 Thunderhead engine, which delivers almost twice the power of any ready-to-fly in this price range, removable engine silencer, Automatic Co-pilot and other exclusive features. Included with fully-assembled airplane: Starter assembly, automatic co-pilot, heat treated dacron lines, control handle and adaptors, wrench, customizing kit and instructions. Dimensions: wing span, 21 1/4"; length, 18 1/4".

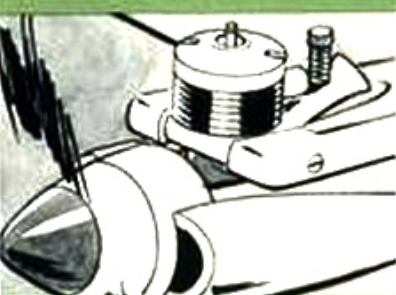

SUGGESTED RETAIL \$14.98

No. 40004 — Skystreak, same as No. 40002 Skystreak described above, but with Starter Accessory Kit of Battery, Fuel and all necessary equipment to start the airplane, plus an additional .074 Glow Head.

SUGGESTED RETAIL \$19.98

*Profiled after
NATO Fighter*

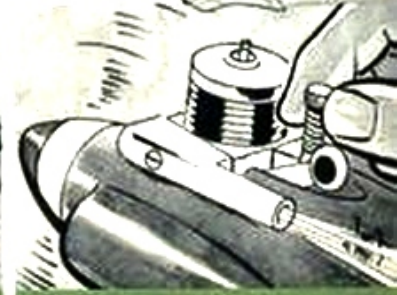

ENGINE SILENCER — Eliminates "mad hornet" whine outlawed by many communities. Muffler is removable, where allowed.

AUTOMATIC CO-PILOT — Greatest advance ever! Patented compensator prevents over-control, biggest cause of crashes, particularly among novices. Control can be removed when pilot becomes experienced.

ENGINE POWER—LONG CONTROL LINE — Big Thunderhead .11 engine flies from 40 ft. control line, goes away with "short line" dizziness that leads to crashes.

SAFE ENGINE ADJUSTMENTS — American Flyer needle valve is away from hazards of hot cylinder head, exhaust blast and propeller. Adjustment is made safely with large precision point needle valve.

Profiled after
Goodyear Racer

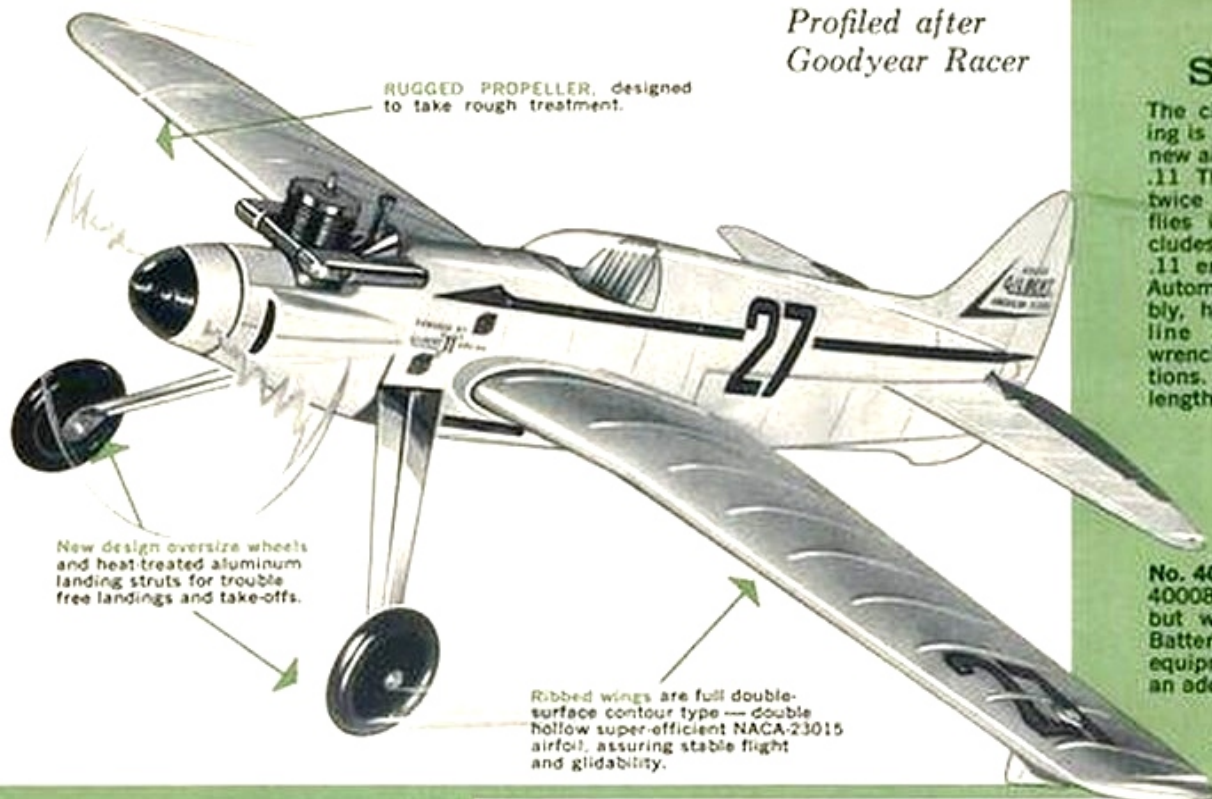

No. 40008 SKYHAWK

The challenge of thrilling sport flying is awaiting you with this big, all-new airplane that mounts a powerful .11 Thunderhead engine delivering twice the power of most ready-to-fly models in this price class. Outfit includes fully assembled airplane with .11 engine, exclusive mufflers and Automatic Co-Pilot, starter assembly, heat treated dacron lines and line adaptors, control handle, wrench, customizing kit and instructions. Dimensions: wing span, 24"; length, 19½".

SUGGESTED RETAIL \$19.98

No. 40010 — Skyhawk, same as No. 40008 Skyhawk described above, but with Starter Accessory Kit of Battery, Fuel and all necessary equipment to start the airplane, plus an additional .11 Glow Head.

SUGGESTED RETAIL \$24.98

RUGGED PROPELLER, designed to take rough treatment.

New design oversize wheels and heat-treated aluminum landing struts for trouble-free landings and take-offs.

Ribbed wings are full double-surface contour type — double hollow super-efficient NACA-23015 airfoil, assuring stable flight and glidability.

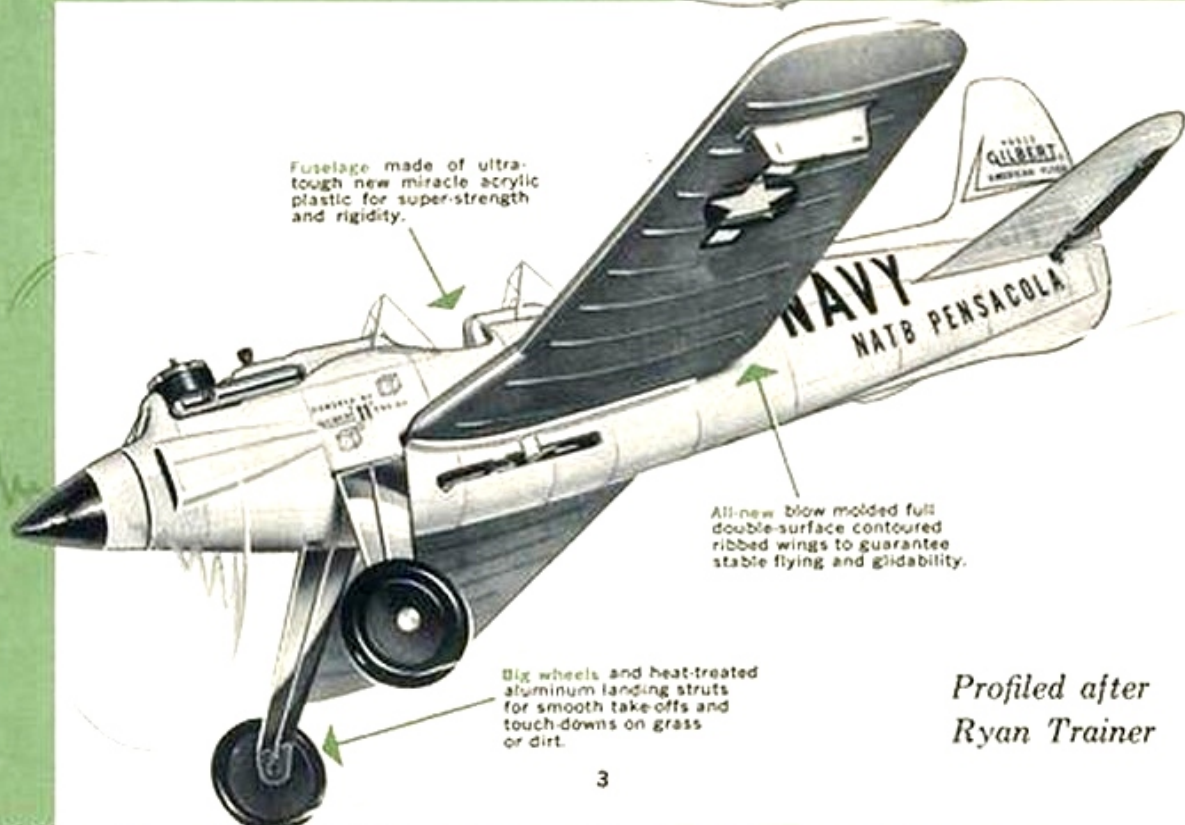

No. 40012 SKYFLASH

Born to be a champion — in styling, in flight characteristics and in dependable performance. Its big, new Thunderhead .11 engine delivers twice the power of most ready-to-fly models in this price range. Outfit complete with fully assembled airplane and engine, exclusive mufflers and Automatic Co-Pilot, starter assembly, heat-treated dacron lines and line adaptors, control handle, wrench, customizing kit and instructions. Dimensions: wing span, 24"; length 19½".

SUGGESTED RETAIL \$19.98

No. 40014 — Skyflash, same as No. 40012 Skyflash described above, but with Starter Accessory Kit of Battery, Fuel and all necessary equipment to start the airplane, plus additional .11 Glow Head.

SUGGESTED RETAIL \$24.98

Fuselage made of ultra-tough new miracle acrylic plastic for super-strength and rigidity.

All-new blow molded full double-surface contoured ribbed wings to guarantee stable flying and glidability.

Big wheels and heat-treated aluminum landing struts for smooth take-offs and touch-downs on grass or dirt.

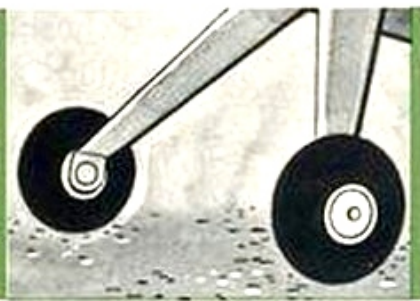

Profiled after
Ryan Trainer

RECOIL ENGINE STARTER — Powerful, fast, fool-proof. Starter fully concealed and self-contained.

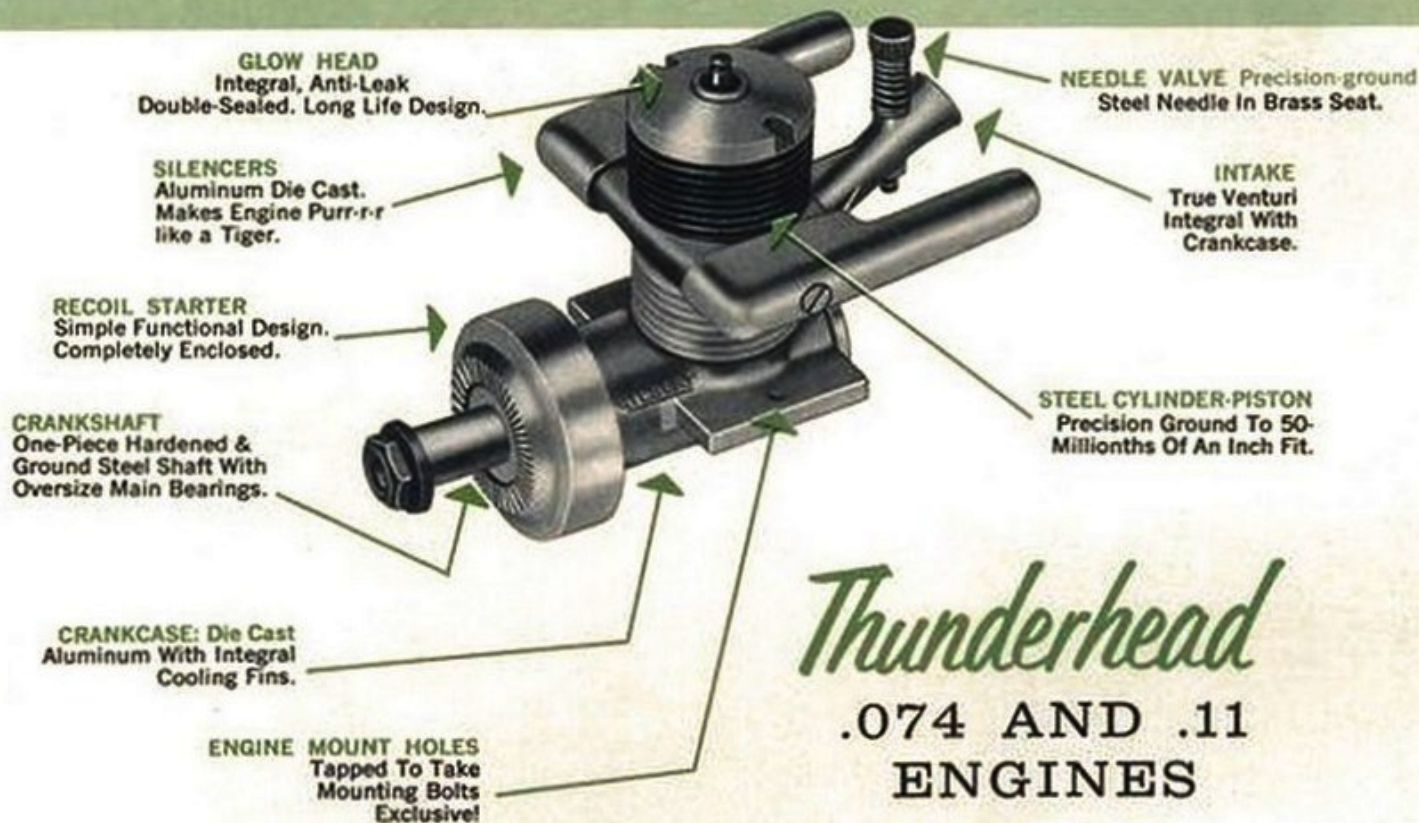

INSTANT STARTING, EVERY TIME — And engine needs no priming! With rear air-intake feature, dirt will not be drawn in to foul engine.

LANDING GEAR DESIGNED FOR FLYING — again and again! Engineered to absorb "hard landing" shocks. Wheels are large enough for perfect take-offs and touch-downs.

DOUBLE SURFACE AIR FOIL — Famous Phillips air foil, winner of international meets, used in development of .074 airplane. Wing structure of .11 aircraft is first blow-molded full contour one-piece wing on ANY model airplane.

featuring...
"WHICH LANE?" CHICANE
Cars change lanes
unpredictably in
mid-race!

No. 19075

"WHICH LANE?" CHICANE RACE

This new oval racing set by American Flyer features a special "chicane" section that adds a terrific new element of chance to racing: it enables cars to change lanes — but you never know whether they will or not! Each "driver" operates his own car independently in either lane, side-by-side or bumper-to-bumper with Gilbert's exclusive roadway system. Set includes: 1 red and one yellow Flyer Kart, both electric-powered and remotely-controlled; 12 sections curved roadway (wired, ready for use); 2 sections straight roadway; 1 "chicane"; plastic Fence Set; 2 accelerator speed controls; 1-amp. Pike Master Power unit, U.L. and C.S.A. Approved; plus complete customizing Decal Kit.

AUTO-RAMA

No. 19083 Over-and-under **FIGURE 8** SPEEDWAY RACE

*Action . . . Thrills . . . Excitement . . . as you "take the wheel"
of a souped-up stock car and send it racing
around the twisting figure 8 course while you control every move!*

This fascinating Figure 8 Speedway Race offers fun for the entire family. Each car is controlled by a separate pedal-type Accelerator and each car has its own D.C. electric motor. Figure 8 Speedway permits each car to travel equal distance. Power Pack has ample output for cars to travel at collision speeds and to skid, spin, roll and flip. Cars are ready to run, and include Car Customizing Kit of decals.

No. 19083 SET INCLUDES:

- Blue Ford, electric powered.
- Yellow Ford, electric powered.
- 20 Curved Roadway sections (wired, ready for use).
- 4 Straight Roadway sections.
- 72-pc. Plastic Fence Set (62 posts, 10 railings).
- 14 pc. Plastic Graduated Ramp Set.
- 2 Accelerator Speed Controls.
- 1 1-amp. D.C. output Pike Master Power Unit. (U.L. and C.S.A. Approved.)
- PLUS Car Customizing Kit of decals.

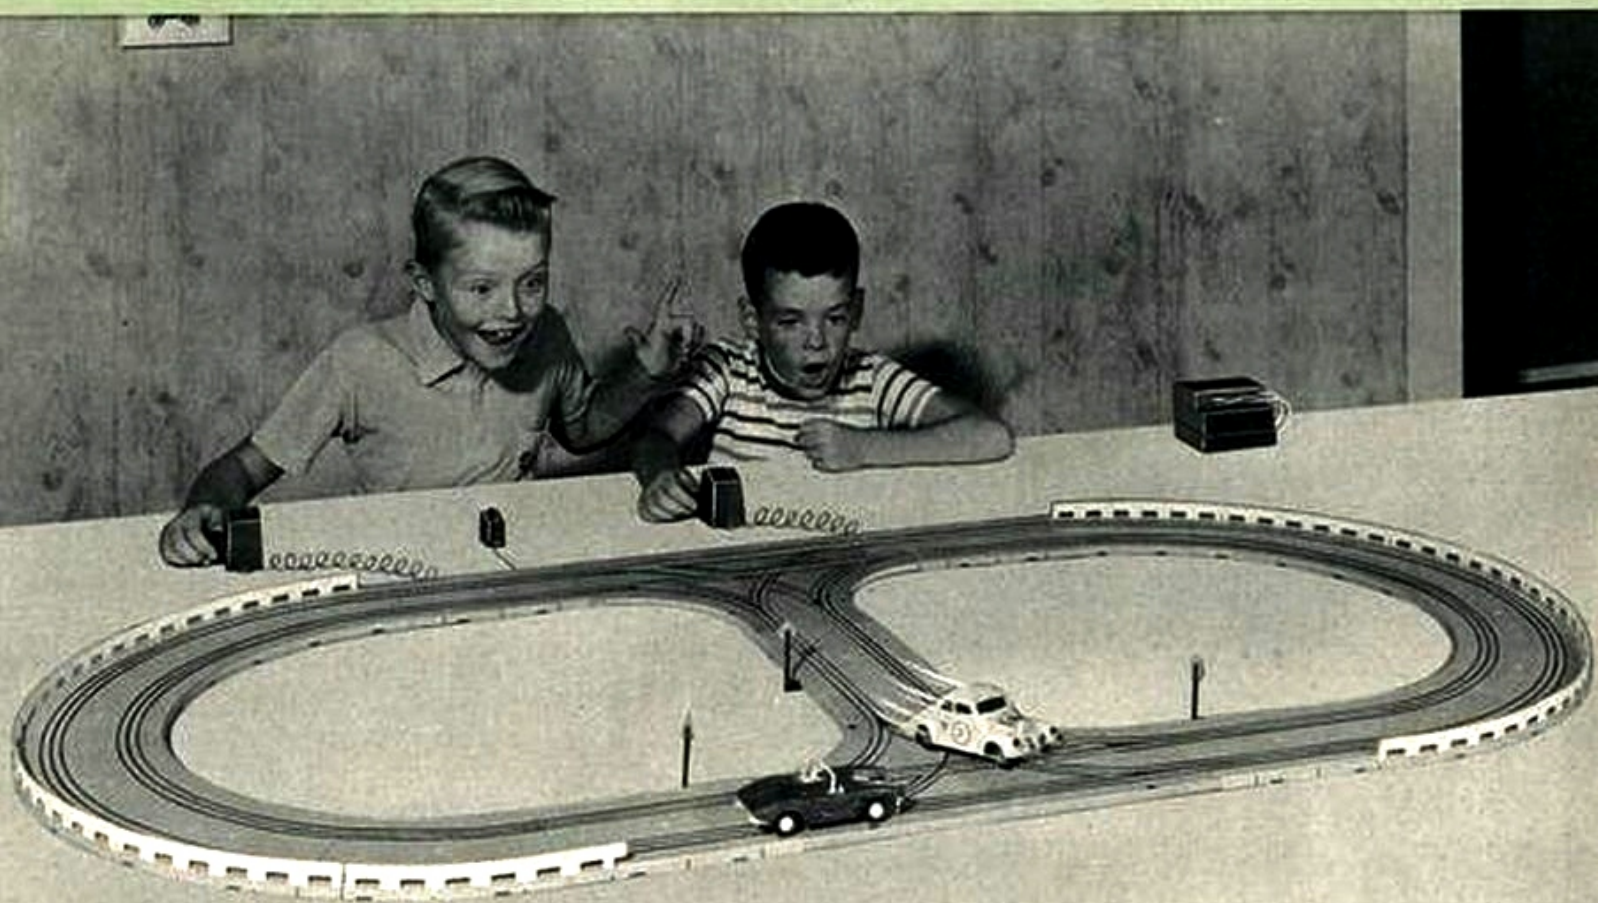

SUGGESTED RETAIL **\$29.98**

*Independently controlled vehicles go ahead at all speeds,
back up and turn around, go right or left
at intersections . . . on this AUTO-RAMA Superhighway!*

Here's all the action and realism of a modern turnpike, with vehicles that can do everything real cars or trucks will do! You control the two vehicles independently with remote accelerator and reversing switch, so they go forward or back at either racing speed or Sunday driver pace. And you can expand your Highway System to any size . . . build a giant transportation layout complete with speeding cars, lumbering trucks and operating roadside industries by adding additional sections of roadway, vehicles, highway signs, ramp set of bridge abutments, etc. (See pages 9 and 10).

No. 19087 Set Includes: Ford Stock Car, electric powered. • Corvette Sports Car, electric powered. • 12 sections Curved Roadway (wired, ready for use) • 5 sections Straight Roadway. • 2 "T" type Roadway Intersections. • 42-piece Plastic Fence Set (36 posts, 6 railings). • 2 pedal-style Accelerator Speed Controls. • Reversing Switch Unit. • 1 1-amp. D.C. output Pike Master Power Unit. (U.L. and C.S.A. Approved.)
SET INCLUDES CAR CUSTOMIZING KIT: Decals and windshields, plus bumpers, grills, wheel discs, hub caps, windshield frame, headlights.

SUGGESTED RETAIL \$39.98

Corvette stops just in time as Ford makes high-speed turn on to main artery.

Busy Intersection! Sports car swings onto turnpike while Ford passes in opposite direction.

Corvette overshoots turn, backs up to go left.

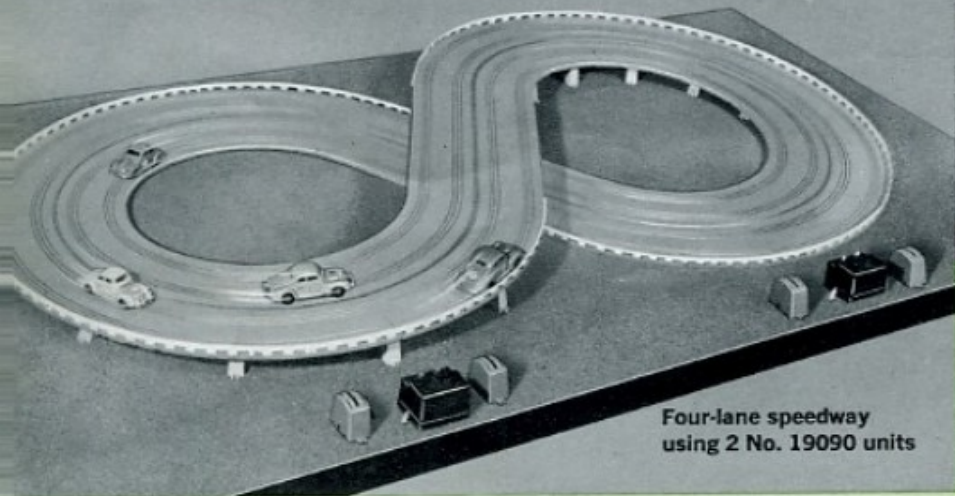

Bumper-to-bumper, Ford follows Sports car, ready to turn off at next intersection.

AUTO-RAMA

GOOD NEWS, MR. DEALER!
 With this set, Gilbert gives you UNIQUE IN-VENTORY FLEXIBILITY! No need to tie up money in conventional, high-price, 4-Lane race sets (that can't be sold any other way) when you can buy these new American Flyer outfits. Sell them together as one 4-Lane, 4-car race—or individually as two 2-Lane, 2-car sets!

Four-lane speedway using 2 No. 19090 units

No. 19090

SPEEDWAY

RACE

*Now . . . 4 people can race . . . with this new "add-together" set!
 Large and small loops fit together to form exciting 4-lane speedway.*

This new, ingenious, Auto-Rama Set is designed to operate either as a 2-car single figure 8 with a large radius loop at one end and small loop at the other—or as a 4-lane, 4-car figure 8 neatly fitting together to make a spectacular speedway for four racing "drivers"! Each of the four controls his car individually with his own pedal-type accelerator from crawl to collision speed, powered by 2 1-amp. Power Packs.

Packed 2 per carton, shipping weight 17 lbs. (Sold only in lots of 2, or multiples of 2.)

No. 19090 includes: 2 Electric-powered Fords • 10 Sections Turnpike Curved Roadway • 10 Sections City Curved Roadway (wired, ready for use) • Four 7" Straight Sections Roadway • Four 5 1/8" Straight Sections Roadway • 24 Roadway Locks • 2 Spare Pickups • 14-pc. Plastic Graduated Ramp Set • 78-pc. Plastic Fence Set • Two Accelerator Speed Controls • 1 1-amp. D.C. output Pike Master Power Unit (U.L. and C.S.A. Approved) • Plus car Customizing Kit of decals.

SUGGESTED RETAIL **\$34.98**

 DIESEL FREIGHT
 "THE ROCKET"**

The Highball sign goes up and the green bull's eye glows steady when this new General Motors "growler", with its striking red-and-white color scheme rumbles out of the yards, pulling its string of scale model freights. This remote control GM locomotive is equipped with Big-Haul Pull-Mor Power and is a scale model of the famous rail-pounders doing yeoman service on all the major roads. Freight cars feature the action-packed Hay-Jector car that tosses out bales at trackside automatically. Other cars include new yellow Shell Oil tank car, new flat car with Corvette, and Caboose. 10 sections of super-real Pike Master track form oval, rather than conventional circle and consist of 8 curved sections, 1 straight and 1 Terminal Automatic Uncoupler track to make 116" of running rail. Transformer runs train and at least 3 lighted accessories.

SUGGESTED RETAIL **\$24.98**

AMERICAN FLYER FREIGHT "THE PIONEER FLYER"

The color and romance of the legendary Casey Jones and his wild ride inspired the creation of this high-stepping freight that's loaded with action and fun. ERIE R.R. 4-4-0 locomotive has the flavor of the railroading era in which Casey made his famous run. Besides remote control starting, stopping and reversing, locomotive has Pull-Mor Power for more climb, haul and speed. Automatic couplers. Rolling stock includes Mounds Candy Car, T & P Gondola and Caboose. 10 sections of super-real Pike Master track make interesting oval layout, rather than ordinary circle, and include 8 curved sections, 1 straight and 1 Terminal and Automatic Uncoupler track. Outfit includes Transformer that not only operates train but also handles 3 illuminated accessories. Track oval has 116" of running rail.

collisions. Also permits automatic operation of non-automatic accessories. \$3.98

No. 26810 Pow-R-Clips. Simpler, easier, better than any other power lead. Makes positive connection from transformer to track; far less conspicuous for greater realism. Pr. 25¢

No. 26756 Bumper. Prevents train from running off a dead end siding or terminal. Snaps on track; has warning light, recoil spring. Designed for use with new Pike Master or standard "S" track. \$1.98

No. 26520 Knuckle Coupler Kit. Converts American Flyer link coupler cars to knuckle coupler type. Kit contains one pair. 50¢

THE SCALE MODEL LINE

No. 22020 Transformer, with Circuit-Breaker. Rating: 50 Watts, 115 Volts, 60 Cycles A.C. Has three binding posts for easy wiring of accessories. Variable voltage for train operation, fixed voltage for accessories. Built-in circuit-breaker protects against shorts and overloads. **\$8.98**

No. 22030 Transformer, with Circuit-Breaker. Rating: 100 Watts, 115 Volts, 60 Cycles A.C. Has automatic thermostatic circuit breaker, both variable and fixed voltage and just three binding posts, to simplify wiring jobs. **\$12.98**

AMERICAN FLYER *Safety First* TRANSFORMERS

... each with Built-in Circuit-Breaker

No. 22035 Power Controller, with Circuit-Breaker. Rating: 175 Watts, 115 Volts, 60 Cycles, A.C. Has host of exclusive features! Designed with new type of circuit breaker re-set device; when short occurs, button pops up, breaking circuit. Circuit re-established by pressing button — no cool-off necessary! Directional switch reverses locomotive, easier, faster. Vertical Terminals for Easy Wiring! Connecting power leads to the No. 22035 Power Controller is a cinch with these vertical terminal posts. Large nuts permit multiple wiring. **\$17.98**

No. 22090 Dual Unit Power Controller, with Circuit Breaker. Total Rating: 350 Watts (175 Watts each Unit), 115 Volts, 60 Cycles, A.C. First time ever in model railroading: a two unit transformer with each power controller independent of the other! Each has 175 watt rating, with total power delivered rated at 350 watts! Has new type circuit breaker; when short occurs, button pops up, breaking circuit. Circuit is re-established by pushing down button — no cool-off necessary. Directional switch reverses locomotive. New extra-size vertical terminals make hook-up a cinch, allow multiple power leads (lower picture). **\$34.98**

AMERICAN FLYER *S* GAUGE

Action Cars

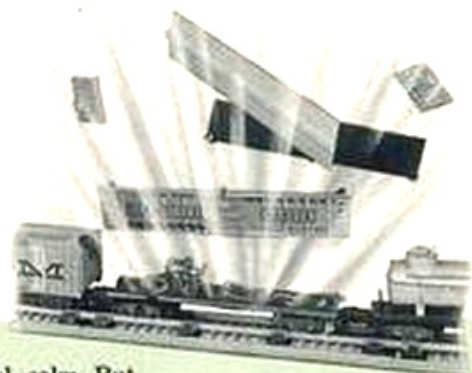

No. 25071 Tie-Jector Car. American Flyer makes an interesting contribution to railroad mechanization with this cleverly-designed car that automatically kicks out a tie each time the train passes a trackside trip. Rear-end shack provides shelter for your trainmen, makes car double as caboose. **\$4.98**

No. 25082 New Haven Hay-Jector Car. A new and novel piece of rolling stock to add a lot of fun to railroading — it kicks out a hay bale each time it passes a trip lever beside the track. Set your cows beside the railroad and get effortless fodder delivery. **\$4.98**

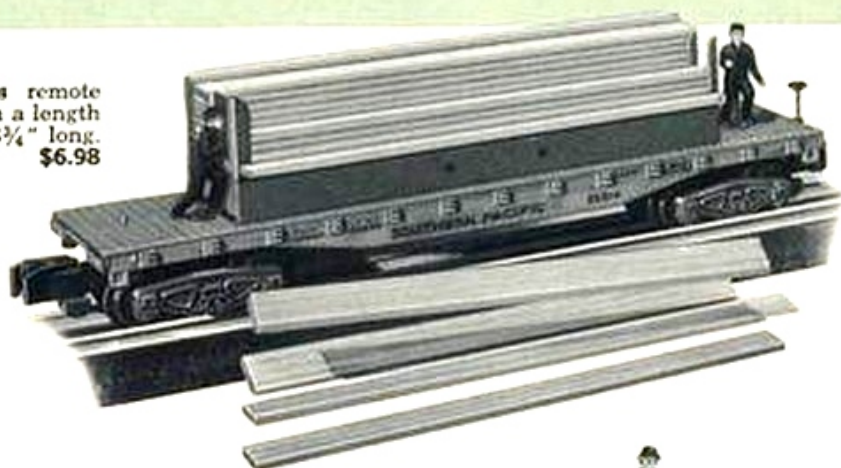

No. 25059 Rocket Launcher Car. Push button rocket launching! By remote control, this giant rocket blasts off into space, soars up and up into the "stratosphere" and then glides back to earth! Provides endless fun; simple to operate. Car has heavy chassis. Rocket brightly finished. **\$7.98**

No. 25062 Mine Carrier Car. Looks quiet here, doesn't it? Peaceful, calm. But don't let that fool you. All thunder is about to bust loose in just a second. In fact . . . **There She Goes!** Little Willie, the Boy Train Engineer, did it by electric remote control, just by pressing a button. And the beauty of it is, he'll have it all back together in seconds, for another big blast. **\$7.98**

No. 25058 Lumber Unloading Car. Press remote control button and watch Moe and Joe pitch a length of lumber off the pile. Fascinating action! $8\frac{1}{4}$ " long. **\$6.98**

No. 25515 Motorized Rocket Sled. Five mighty jet tubes "power" this streamlined rocket sled that's designed like the kind in which Col. Stapp set world's records. While sled streaks along the rails, pilot can be ejected electrically by remote control. Or you can ship the sled around your railroad on the special flat car provided. **\$9.98**

No. 23743 Motorized Track Maintenance Car. Designed like the inspection cars used by all railroads in checking track and right-of-way. Has tool lockers and full detail. **\$7.98**

No. 25060 C. B. & Q. Coal Dump Car. This ingenious car puts your pike in the coal business, because it enables you to dump the shiny black stuff (simulated, it's clean) by remote control. Body tilts, sides lower, contents slide out. Die-cast chassis. Includes car, bin and "coal" $6\frac{3}{4}$ " long. **\$7.98**

A trip is included with each American Flyer action car to make it operate with either the Pike Master or Standard "S" track.

Accessories

AMERICAN FLYER S GAUGE

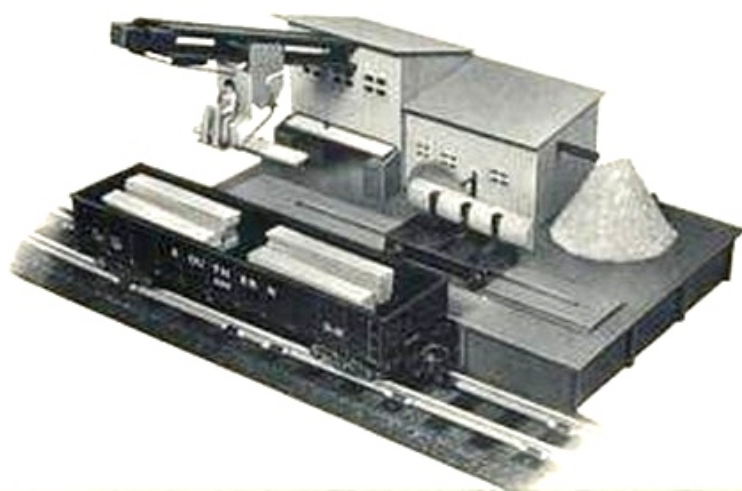

No. 23764 Flasher Signal. As train nears, red lights flash on and off. **\$4.98**

No. 23763 Bell Danger Signal. When train approaches, bell sets up warning clang and lights flash. **\$5.98**

No. 26790 Trestle. Set is 26 trestles and 26 track locks, for use with either Pike Master or Standard "S" track. **\$4.98**

No. 23778 Street Lamp Set. Set of 3, each 5½" high. **\$3.98**

No. 23796 Remote Control Sawmill. Most exciting railroad accessory in years! By remote control, giant-size log is carried on sawmill track car through big ripping blade, while board lumber is "sawed". Lumberjack in overhead car goes into action at touch of remote control button and carries newly-cut board to top of ramp, where it drops into waiting lumber or gondola car. Car shown is not included. Dimensions: 11" long, 7" wide, 7" high. **\$12.98**

No. 23761 Automatic Semaphore. Works like real railroad semaphores! When train passes, remote control button drops blade arm, turning light red and automatically halting following train. Another electric remote control button raises blade, turns light green. 7½" high. **\$8.98**

Upper:
No. 23568 Whistling Billboard. Whistle mechanism concealed in billboard housing, blows by remote control, sounds just like steam whistle in real-life "smokers". 4" x 7½" x 4". **\$7.98**

Lower:
No. 23788 Suburban Station. Resembles stations usually seen at suburban commuter and freight stops. Has ticket-seller's office and freight storage section. Train arrival-and-departure board on outside. Gray base, green roof, white clapboard exterior. 10" long, 7" wide, 4¼" high. **\$4.98**

No. 23830 Piggy-Back Unloader and Car. Up-to-date railroading fun with this accessory that unloads hitch-hiking trailers automatically. In picture #1 Flat Car backs into unloader, causing trailers to ride up ramp. Then, while Flat Car is hauled away to finish trip (Picture #2) Trailers are pushed down inclined ramp to street, to be "unloaded". Unloading completed, trailers are pushed back up ramp again and Trailer Loader is tilted (Picture

#3) to permit trailers to roll down to waiting Flat Car, which has returned from its trip.

Here's real fun and a "must" for every American Flyer railroader. Includes two truck trailers, railroad flat car and accessory. NOTE: Place ½" cardboard underneath for operation with new Pike Master Track. **SPECIALY PRICED AT \$4.98.**

No. 23769 Revolving Aircraft Beacon. Beacon revolves automatically, slowly swinging alternate red-and-green rays. Steel superstructure, molded base. 12" high, 5" x 6" base. **\$5.98**

No. 23772 Water Tower. Continuous action! Bubbles rising through transparent pipe provide illusion of water being pumped into elevated tank. 12 3/4" high; base 5" x 6". **\$5.98**

No. 23774 Floodlight Tower. Light up R.R. night yard scenes! Four floodlights, mounted in double tier, cast bright glow. 11 1/2" high; base 5" x 6". **\$5.98**

No. 23028 Smoke Fluid Dispenser. The handy, no-spill, no-mess way to inject Smoke Fluid into American Flyer locomotive stacks. Pocket-clip squeeze tube dispenser, ideal for both "S" and "HO" smoke puffers. Retail price each Dispenser: **\$1.00.**

No. 23571 Truss Bridge. Low cost but highly realistic R.R. bridge with heavy steel base and molded sides. 10" long, 4 1/4" wide. **\$1.50**

No. 23581 Girder Bridge. Heavy die-cast bridge patterned after real railroad types. Slips under any American Flyer track section. Especially effective used in multiple. 10"x1 1/4"x4 1/8". **\$2.98**

No. 23601 Crossing Gate. A touch of the remote control button lowers the gate while the train streaks past. Releasing the button causes the gate to rise. **\$4.98**

No. 23249 Tunnel. No model railroad is complete without at least one of these realistic tunnels, brightly finished in natural colors. 11 1/2" long. **\$2.98**

AMERICAN FLYER LAMPS

Lamps are used as follows: 27440, all locomotives. 27441 and 27443, switches. 27444, stations and cars. 27455, use on 26749 and 26756 bumper. 27453, use on 26742 switches. 27458, use on 22040, 22050, 22060 and 22080 transformers. 27641 use on 23769 Aircraft Beacon. 36790, use on Pennsy switcher locomotive.

AMERICAN FLYER HO TRAIN

No. 30710

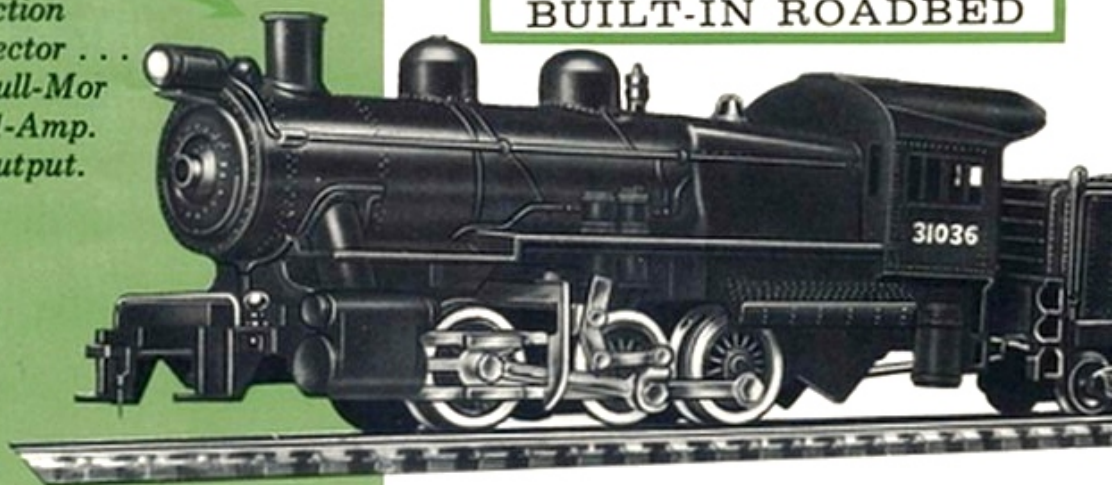

AMERICAN FLYER 5-UNIT "HO" FREIGHT "THE RAMBLER"

Featuring TWO Automatic Action
Cars: Tie-Jector and Hay-Jector . . .
Die-Cast Switcher with Pull-Mor
Power and Gear Drive . . . 1-Amp.
Power Pack with AC-DC output.

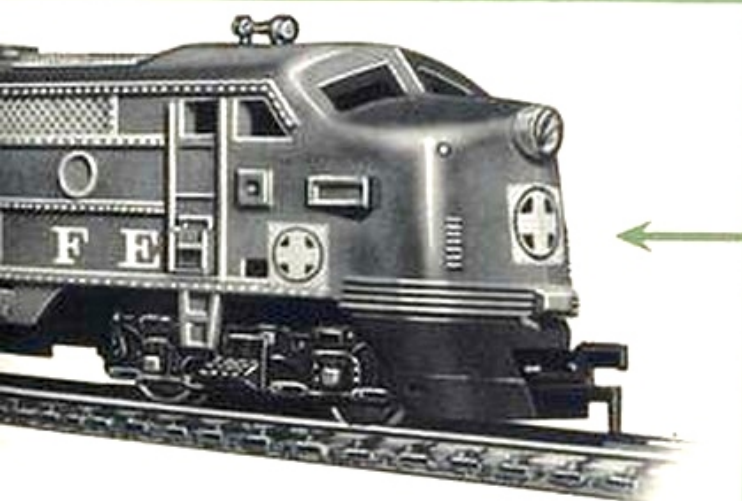

A bearcat for work is this perky little die-cast 0-6-0 switcher that sports Pull-Mor Power, a rugged gear-drive motor, couplers at both ends and a highly-detailed ladder-back tender. Just let your eyes slide over the intricate valve gear and other detail and you'll agree this nifty number has few peers in HO. Outfit complete with 1 amp. AC-DC Power Pack, 11 sec. 18" radius Pike Master curved track with built-in roadbed; 1 18" radius Pike Master Curved Terminal track, 1 straight section and 1 Uncoupler track.

SUGGESTED RETAIL \$29.98

"THE
CANNONBALL"

Die-Cast, gear-drive Hudson Locomotive with Smoke, Choo-Choo, Pull-Mor Power, Two Action Cars: Mine Car that explodes by remote control and automatic Tie-Jector Car . . . Pike Master Track.

NEW
TIE-JECTOR CAR

Automatically kicks out ties at trackside as train speeds by.

The classic steamer of them all is this majestic 4-6-4 die-cast "Hudson" locomotive that puffs real smoke, has choo-choo sounds, a working headlight, Pull-Mor Power, gear-drive motor and the kind of lines that light up a railroader's eyes. Besides the two action cars, Peabody Hopper, Mobilgas tank, New Haven gondola and bay window caboose complete this great set. Pike Master track included: 11 sec. 18" radius curved; 1 18" radius curved terminal; straight contact; 2 sec. straight; Uncoupler Track. 1-amp. AC-DC Power Pack will run train plus accessories.

SUGGESTED RETAIL \$49.98

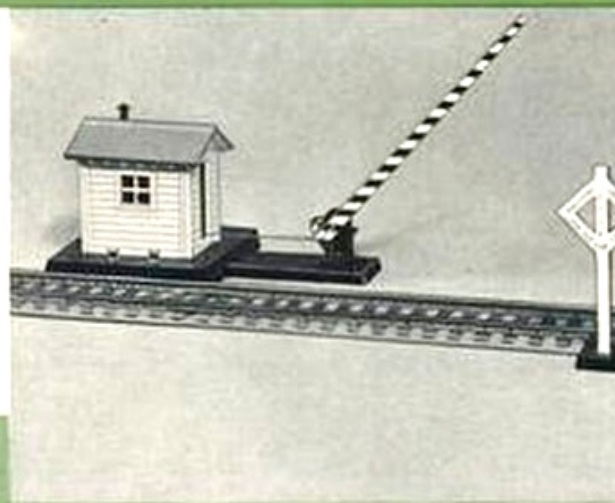

No. 35211 Signal Bridge. A beautifully-detailed operating model, for double or single-track layout. Includes 2 control switches; trains automatically stop on red, go on green. **\$5.98**

No. 35204 Crossing Signal. Red lights flash realistically as train passes crossing. No special track section needed. **\$2.98**

No. 35205 Block Signal. Train stops on red, goes on green. May be wired for automatic operation by switch contacts, or manually with control switch included. **\$3.98**

No. 35212 Crossing Gate. Fully automatic; gate goes down before train arrives, stays down until after last car passes. **\$4.98**

No. 35206 Water Tower. Scale model, 7 $\frac{3}{4}$ " high, adds realistic touch for industrial area on your pike. Red warning light on top. **\$1.98**

No. 35209 Rotating Beacon. Bright searchlight operates on 12 to 14 volts A.C., rotates automatically. 7" high. **\$4.98**

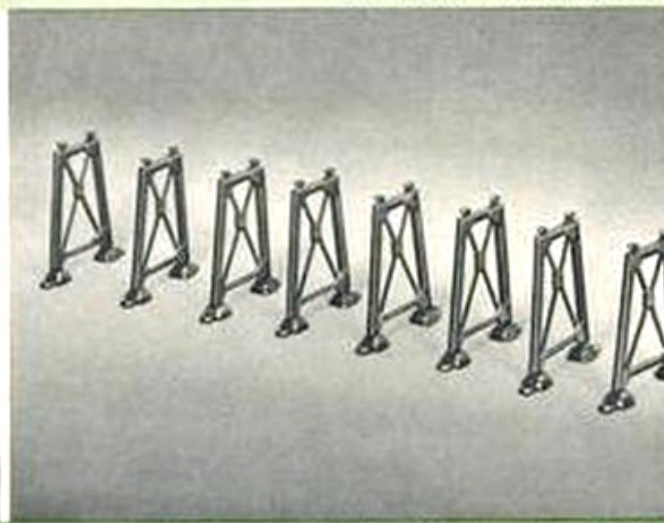

No. 35210 Radar Tower. Antenna rotates automatically, red warning light operates on 12 to 14 volts, A.C. 7 $\frac{3}{4}$ " high. **\$4.98**

No. 35207 Floodlight Tower. Includes two floodlights in bright metal housings that swivel to any position. Uses A.C. or D.C., 12 to 14 volts. 6 $\frac{1}{2}$ " high. **\$2.98**

No. 35203 Trestle and Bridge Set. The easy, realistic way to run your trains up and over! Includes 30 graduated trestle pieces and ramps, plus girder bridge section. **\$3.98**

No. 35201 Trestle Extension Set. For use with No. 35203 Trestle Set. Includes 8 trestle sections, 2 $\frac{3}{4}$ " high, to give you a longer span of high level trackage. **\$98**

A NEW WORLD OF *Accessories*

No. 35208 Truss Bridge. Realistically detailed scale model, 14" long. Includes red warning light that operates on 12 to 14 volts, AC or DC. . . . **\$3.98**

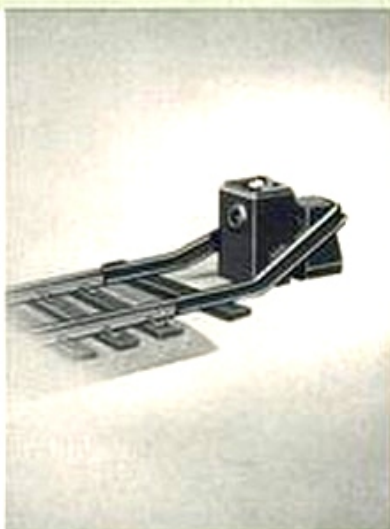

No. 35213 Oil Storage Depot. Your railroad needs this revenue-producing industry at track-side. Includes 2 tanks (each with operating light on top), shack, pipes with "valves" — mounted on base 8" x 2". **\$2.98**

No. 35214 Automatic Crossing Watchman. When train comes, door of shack opens and Willie the Watchman comes out, retiring inside after train has passed. Completely automatic. **\$6.98**

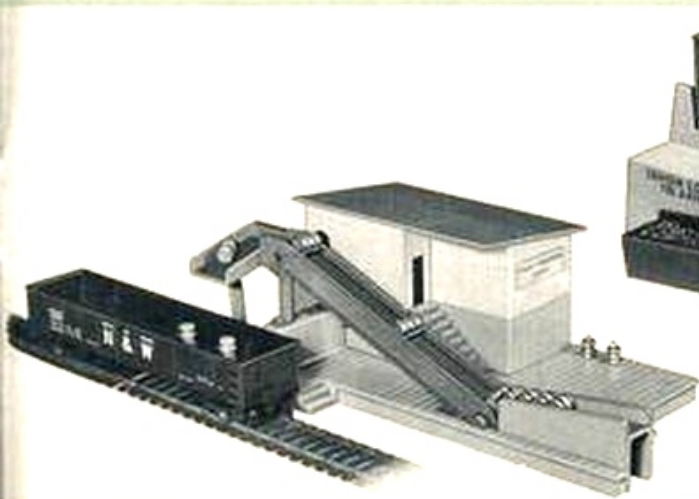

No. 35240 Lamp Post Set. Includes three complete lights with white globe and green post. 2 1/4" high. For 12 volt A.C. or D.C. operation. **\$1.50**

No. 35202 Bumper. You'll need plenty of these for siding ends. Includes operating light. **\$.98**

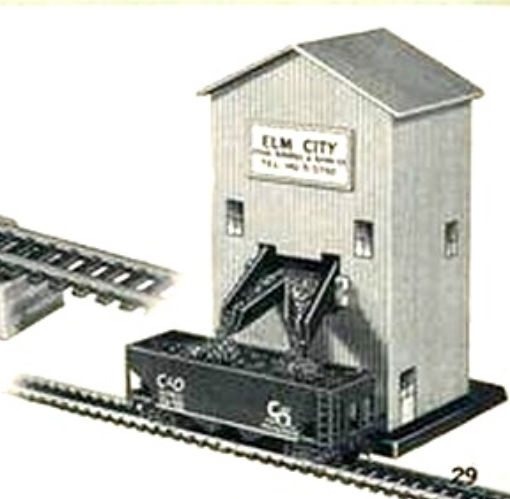

No. 35241 Turnpike Lamp Set. Modern super-highway type lighting for your layout. Aluminum pole and lamp housing, with white tubular bulb. 12 volt AC or DC. 3 1/2" high. Set of 3 **\$1.98**

No. 35759 Drum Loading Conveyor. Action is continuous: endless belt lifts drums to elevated unloader, from which they roll into car. (Car not included.) **\$9.98**

No. 35785 Automatic Coal Unloader. When loaded C & O car is backed up ramp, hopper opens automatically and coal drops into bin. **\$4.98** No. 33835 Automatic Hopper Car also sold separately at **\$2.98.**

No. 35780 Loader. Chute swings down by electric remote control, coal cascades into waiting car. Roof is removable so coal may be reloaded in tippie. (Car not included). **\$5.98**

No. 35255 Factory Kit. Easy and fun to assemble! Build up as two separate buildings or attach to make one large illuminated one. All windows and doors are realistic separate molded pieces. Buildings are 5 3/4" x 4" and 3" x 5"..... **\$1.29**

No. 35274 Signal Bridge Kit. A terrific accessory complete with lights, switches and detailed structural parts. Manual operation of lights: trains stop on red, go on green. **\$3.50**

No. 35253 Split Level House Kit. Includes everything you need to build a fine, lighted house for the best neighborhood on your pike. Assembled size is 5 1/2" x 3 3/4"..... **\$.98**

No. 35276 Highway Light Kit. Assembled except for tubular bulbs and the wiring. Three freeway-style lights, 3 1/2" high. **\$1.49**

No. 35273 Rotating Radar Tower Kit. Quickly and easily assembled, includes light and antenna that revolves automatically. 7 1/2" high. **\$1.98**

No. 35275 Billboard Kit. No landscape is complete without at least one of these. Complete with flashing bulb, 3 3/8" x 2 1/2"..... **\$.98**

No. 35272 Truss Bridge Kit. Highly detailed bridge parts go together fast and easy, to make single track bridge 14" long. Warning light and wire included. **\$1.65**

new world of ILLUMINATED *Accessory Kits*

No. 35250 Dutch Colonial House Kit. Build another lighted house for your Tiny Town! Chimney, doors and windows are all separate molded pieces for realism. 3" x 4" assembled. **\$.98**

No. 35271 Floodlight Tower Kit. Two floodlights in nickel-plated swivel housings will give you the light you need for safe night yard operation. 6¼" high assembled. **\$ 1.49**

No. 35254 Suburban Station Kit. Build a comfortable place for the commuters on your road! Tiny Town station is a 6½" x 4" scale model when assembled. Complete with light. **\$.98**

No. 35252 Cape Cod House Kit. Another structure to help you answer the housing shortage on your layout! Includes light. 5½" x 3¾" assembled. **\$.98**

No. 35251 Ranch House Kit. This can be the show-place of Tiny Town! It's lighted, and has separate molded doors, windows and chimney for full-dimensional realism. 7¾" x 3¾" including attached garage. **\$.98**

No. 35270 Water Tower Kit. Logical companion piece for your Tiny Town factory. Includes red aircraft warning light for top of tank. 7½" high assembled. **\$.98**

AMERICAN FLYER HO ACTION ACCESSORIES

No. 33820 Automatic Tie-Jector Car. The maintenance crew gets curbside delivery when the Tie-Jector Car pumps out a tie automatically each time around. A real dinger. \$4.98

No. 33818 Hay-Jector Car. Automatically drops off a bale of fodder at trackside. Car has Great Northern R.R. markings, hay bales and includes track trips. \$4.98

No. 33804 TNT Car. If you're interested in having a big blast, this car is for you. Normally, it looks like any other box car, except for the lettering. Press the electric remote control button and boom!—there she blows! \$7.98

No. 33806 Mine Exploding Car. Blows up in the same soul-satisfying fashion as the TNT Car \$7.98

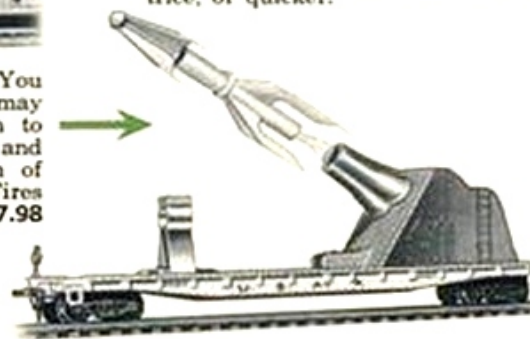

No. 33812 Rocket Launcher Car. You never know when some foreign power may decide to blast you and your train to Kingdom Come. But with this Rocket and Car, you blast off at the first sign of trouble and take care of the matter. Fires by electric remote control. \$7.98

There she goes! When your friends come around to admire your railroad empire, startle them with harmless "explosions" like this. Both cars go together again in a trice, or quicker.

No. 33835 Automatic Hopper Car. You'll need a string of these action cars to use as regular freight consist or with the No. 35785 Coal Unloader \$2.98

No. 35790 Piggy Back Unloader and Car. Up-to-date railroading fun with this new accessory that unloads hitch-hiking trailers automatically. In picture #1 Flat Car backs into unloader, causing trailers to ride up ramp. Then, while Flat Car is hauled away to finish trip (Picture #2)

trailer is pushed down inclined ramp to street, to be "unloaded". Unloading completed, trailer is pushed back up ramp again and Trailer Loader is tilted (Picture #3) to permit trailer to roll down to waiting Flat Car, which has returned from its trip. Includes one truck trailer, railroad flat car and accessory. . . \$4.98

AMERICAN FLYER HO Pike-Master POWER PACK

NEW!

NEW!

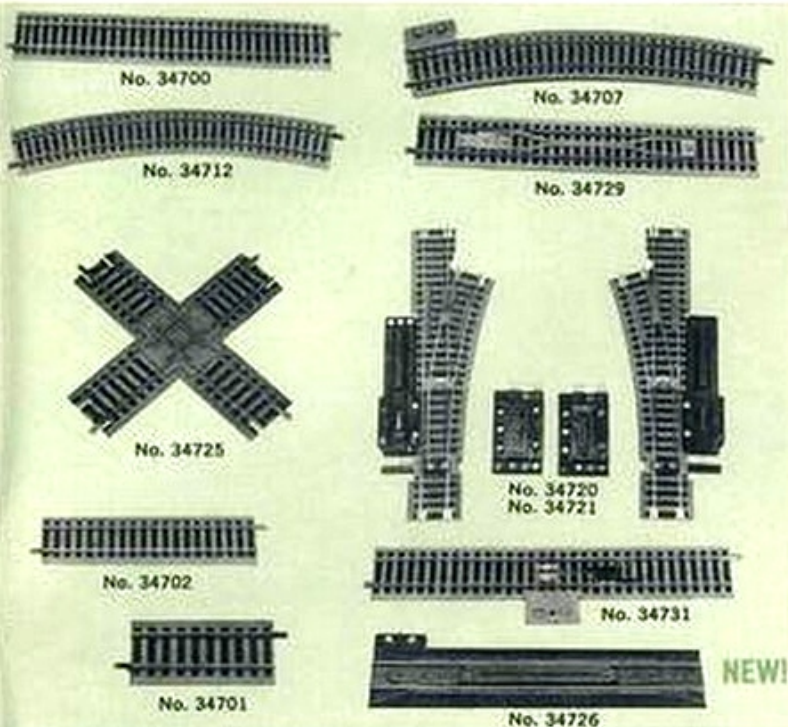

No. 32655 Twin Pike Master Power Pack. Run two trains at the same time at different speeds with this dual power pack that includes built-in thermostatic circuit breaker, two separate throttle controls and two reversing switches. Reduces 110-120 A.C. to 16 volts A.C. for accessory operation and to 12 volts D.C. for trains. \$24.98

No. 32662 1 1/2 Amp. Pike Master Power Pack. Reduces 110-120 volt household A.C. to 12 volts D.C. for train operation and to 16 volts A.C. for accessories. Built-in thermostatic circuit breaker guards against shorts and overloads. Throttle control and reversing switch. \$12.98

No. 32654 Rectifier. Changes A.C. from transformer to low voltage D.C. for train operation. 3 amp. output. Has reset type circuit breaker 3 3/8" high, 4 5/8" wide, 6 1/4" long. \$7.98
